***Information Disclosure Statement (IDS)***

Reference C6 on the IDS submitted on March 29, 2004 did not include a date. A corrected signed, dated, and initialed copy of this IDS, wherein the date of the C6 reference has been added is included with this communication.

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest the preparation and administration of therapeutic compositions comprising biodegradable polymer particles containing therein a therapeutic agent in combination with a buoyancy agent comprising a hydrofluorocarbon. Applicants' after-final amendments have cancelled previously finally rejected claims 22-30, 40-45, 47-50, and 52-54. Claims 46 and 55-67, which were previously indicated to recite allowable subject matter. The closest prior art reference is Soon-Shiong et al. (U.S. Patent No. 5,560,933) ("Soon-Shiong"), but Soon-Shiong does not teach or fairly suggest the intrathecal administration of bio-compatible microparticles that comprise a hydrofluorocarbon buoyancy agent. The only components disclosed in Soon-Shiong that could be considered to be buoyancy agents are vegetable oils (e.g. soybean oil) and vitamin E. None of the secondary references relied upon in the prior art are suggestive of making biocompatible microparticles comprising a hydrocarbon. Thus, for the aforementioned reasons claims 46 and 55-67 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
